

# WE'RE HIRING!

## Pipefiter/Steamfiter

Cristallo is a leading company specializing in costal construction, heavy duty vehicle rentals and retail, support logistics, welding, engineering and hydraulic workshop situated in Thilafushi – Maldives. Our commitment to quality and innovation drives us to seek skilled individuals who can contribute to our dynamic team.

### Location:

Cristallo Thilafushi site - Thilafushi, Kaafu Atoll - Maldives

### Job Type:

Full-Time

### Probation Period:

02 Months

### Job Summary:

We are seeking a skilled and experienced Pipefitter/Steamfitter to join our hydraulic workshop team. The ideal candidate will be responsible for installing, assembling, fabricating, maintaining, and repairing piping systems, fixtures, and equipment for hydraulic applications. This role requires strong technical skills, precision, and the ability to work independently or as part of a team in a workshop environment.

### Key Responsibilities:

#### Installation:

- Plan and layout the fabrication and installation of piping systems according to blueprints, diagrams, and specifications.
- Install supports, hangers, and hydraulic lines using hand and power tools.

#### Maintenance and Repair:

- Perform regular inspections to detect and repair leaks or other issues in piping systems.
- Conduct preventive maintenance to ensure system longevity and efficiency.

#### Fabrication:

- Cut, thread, and fit pipes using tools like pipe cutters, threading machines, and welding equipment.
- Fabricate and assemble piping components as needed for custom installations.

#### Testing:

- Test pipe systems or hydraulic components to ensure they operate correctly and safely under pressure.

#### Documentation:

- Maintain detailed records of work performed, materials used, and any issues encountered.
- Update schematics and diagrams when changes are made to systems.

### Starting Salary:

**MVR 13,000 (Negotiable)**

**(15.000 after successful completion of probation)**

**Safety Compliance:**

- Adhere strictly company safety protocols and ISO protocols to prevent accidents or injuries.
- Participate in safety training and assessments.

**Collaboration:**

- Work closely with engineers, other tradespeople, and project managers to ensure project goals are met.

**Qualifications:**

**- Education:**

- High school diploma or equivalent; technical or vocational training in pipefitting/steamfitting preferred.
- In-depth understanding of hydraulic systems, materials, and tools used in pipefitting.

**Experience:**

- Minimum of 3 years of experience in pipefitting, preferably in a hydraulic or industrial setting.

**Skills:**

- Proficient in reading blueprints, schematics, images/photos and technical diagrams.
- Strong welding and soldering skills.
- Excellent problem-solving abilities.
- Good physical condition, able to lift heavy materials and work in various environments (e.g., confined spaces, heights).

**Work Environment:**

- Primarily works indoors in a workshop environment in Thilafushi, but may also work outdoors.
- Exposure to various weather conditions, noise, and machinery.

**Benefits:**

- Competitive salary package based on education and experience
- Paid time off and holidays and paid annual leave and return ticket to point of hire
- Opportunities for further training and career advancement

**Interested Candidates please email your CV, Certificates and necessary documents, ID card / Passport front, Police report and any other relevant documents including reference letters.**
