Location:

Maldives

Job Type:

Full-Time (02 Month Probation)

Job Description:

We are currently seeking a highly skilled Stainless Steel (SS) Welder to join our dynamic team. If you have a passion for precision and excellence in welding, we want you!

Key Responsibilities:

- Perform TIG, MIG, and other welding techniques on stainless steel materials.
- Read and interpret blueprints, drawings, and specifications to plan welding operations.
- Weld components in flat, vertical, or overhead positions.
- Inspect welds for compliance with quality standards, specifications, and codes.
- Maintain and operate hand and power tools related to welding, cutting, and grinding.
- Adhere to safety standards and protocols to ensure a safe working environment.

Requirements:

- Proven experience as a Welder, specifically with stainless steel.
- Certification in welding from a recognized institution or equivalent work experience.
- Proficiency in reading and interpreting technical documents and drawings.
- Strong understanding of welding machinery, equipment, and tools.
- Ability to work independently or as part of a team.
- Good physical condition and dexterity to handle heavy materials and equipment.
- Commitment to safety and quality control.

Preferred:

- Experience in infrastructure construction, or fabrication industries.
- Knowledge of additional welding methods and materials is highly advantageous

How to Apply:

Interested candidates are requested to submit their resume, along with any relevant certifications, to hr@cristallomaldives.com. Please include a brief description of your welding experience, particularly with stainless steel.

Salary:

Competitive, based on experience
